Re:(QBCC Licensee Name and Licence number)

Scope

I.....(name) of(address or firm name) being an Accepted Independent Accountant by virtue of(qualification) and being a holder of a public practicing certificate state that I have compiled and reviewed the financial information of(name of Client) ('the Client') for the period ended(date).

The Client or where the Client is a company, its directors, are responsible for the financial information. I have performed the review of the financial information against the financial criteria set out below in order to state whether, on the basis of the procedures described, anything has come to my attention that would indicate that the financial information in relation to those criteria is not presented fairly, in accordance with all applicable Australian Accounting and Auditing Standards, other mandatory professional reporting requirements and the Minimum Financial Requirements ('MFR') of the QBCC applicable to General Purpose Financial Statements. If there is any inconsistency between all applicable Australian Accounting and Auditing Standards, other mandatory professional reporting requirements and MFR of the QBCC, then the MFR takes precedence.

This Production of Documents MFR Report has been prepared for distribution to the Client and the QBCC, for the purpose of reporting on MFR. I disclaim any assumption of responsibility for reliance on this Production of Documents MFR Report or on the financial information to which it relates to any person other than the Client or the QBCC.

My review has been conducted in accordance with Australian Accounting and Auditing Standards applicable to review engagements. A review is limited primarily to inquiries of the personnel of the Client **AND** analytical procedures applied to the financial information. These procedures do not provide all the evidence, which would be required in an audit, thus the level of assurance provided is less than given in an audit. I have not performed an audit and accordingly, I do not express an audit opinion.

I confirm the tests or checks I have conducted, and the evidence sighted, comply with those minimum requirements set out in the MFR Review Control Sheet developed by QBCC, and that I have applied all relevant Australian Accounting and Auditing Standards and significant accounting policies in the preparation and presentation of the financial information applicable to General Purpose Financial Statements. Where such standards and policies have not been applied, details of these are outlined below.

Qualification Paragraph

or

The Client **does not meet** the Minimum Financial Requirements for the following reasons:.....

Statement

Based on my review of the Financial Information, which is NOT an audit, except for the effects described in the Qualification Paragraph above, nothing has come to my attention that causes me to believe that the Client has not met the MFR, as prescribed by the QBCC, as at and for the year ended date stated above.

In determining the Net Tangible Assets and Current Ratio of the Client, I verify I have NOT included any Related Entity Loans or Investment assets in the calculation, unless otherwise stated as follows:.....
