General insurance information

Insurance is payable on

Residential construction work of a value of more than \$3,300 (including GST) comprising:

- Construction of a house, duplex, townhouse, villa unit or any residential building up to three (3) storeys in height (above a car park) or any residential outbuilding e.g. garage, pool change room etc.
- Replacement of or extension to part or all of a building which affects internal or external walls, including windows or doors, roofs, floors, foundations or ceilings, and includes refitting bathrooms or kitchens eg. patios and decks, kitchen and bathroom renovations, re-roofing, cladding, new windows and doors etc.
- Swimming pools, all building work within the building envelope (eg: painting), installation of a manufactured home, anything attached to a residence or residential outbuilding which requires building or plumbing approval.

Insurable value of work

The value of work includes all labour, materials and GST. This also includes associated work such as landscaping, driveways, pool fences, retaining walls etc performed under the contract.

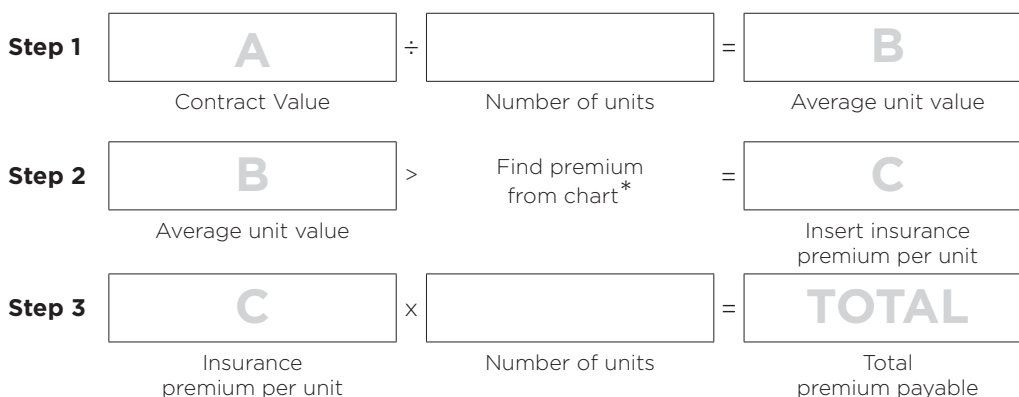

To calculate premium

Refer to the Premium Chart available at www.qbcc.qld.gov.au or at your local QBCC office.

Please note: there are now 3 premium tables:

- New home construction - to be used for construction of a new single detached dwelling, duplex, or multiple unit building.
- Alterations - to be used for all other residential construction (eg: construction of a shed, carport, swimming pool, rectification work, kitchen/bathroom renovations)
- Optional additional - only used by consumers who want to increase their insurance cover.

To calculate premium for multiple units

* The premium rate is inclusive of GST

Payment options

In person - you can pay in person at one of our Service Centres. Payment can only be made by the licensee, who must produce a contractor's licence as identification.
